February Greetings!! While my lovely wife and I are getting some much needed rest and relaxation, just a few reminders. As previously announced, our February 3rd meeting will be held at The 19th Hole in Chippewa. After conducting our elections, we will have a discussion and vote on where our regular meeting place will be for the future. The choices will be Thursday's and the 19th Hole. Wanted to thank everyone for the great turnout for January's meeting. It is gratifying to see so many members out despite the weather and during a time when we as a Club have never experienced. Club strong.....Thank you!! Hope that silly groundhog brings us a quick spring!!
