The Prez Sez

September is here and as we all know, the back side of the cruise season is here but it's not over yet. Sunday Sept 1st is our Day at the Drags at Friendship Park check out web site for details. Sept. 14th is another great area cruise in New Brighton. Please check out our web site for other upcoming events. Thanks to those who arranged the Road Course event at the old BeaveRun. I know all who attended had a great time. Thanks too, to those who worked so hard to put on the Hot Summer Nights cruise in Beaver and those at that cruise who attended the dedication of the cruise and the plaque in memory of Bill Floyd. I know Bill was looking down and smiling on all of us. Our MDA cruise was a success as usual and a great opportunity to help a worthy charity. Thanks to all the members of the Cruzin' Few who worked so hard and the World Famous Midway for making this happen.

Keep the Shiny Side Up

The Cruzin' Few Unique Vehicle Club 1993 - 2013

20 years ago, six men with a passion for cars and a vision of what could be for people of like mind formed the CRUZIN FEW UNIQUE VEHICLE CLUB. Our 1st President and the glue that held this Club together for so many years was Jack Berresford. At this year's Family Picnic Jack was honored with a special cake made by Paul & Debbie Dappenbrook with a likeness of his 1971 Plymouth Duster. Thank you Jack for all you have done for the Club, it's members and all car enthusiasts everywhere!!

DA' PREZ

Family Picnic Kudos

As always, our annual Family Summer Picnic was SUPER!! A round of applause and a sincere thank you to Louie LoMagro and his entire committee for all the planning and preparation!! GREAT JOB!!

All the winners of the games and raffles will be post in the October newzletter!!

TRIVIA TIME

It takes glass one million years to decompose, which means it never wears out and can be recycled an infinite amount of times!

Gold is the only metal that doesn't rust, even if it's buried in the ground for thousands of years .

Your tongue is the only muscle in your body that is attached at only one end .

If you stop getting thirsty, you need to drink more water. When a human body is dehydrated, its thirst mechanism shuts off.

Each year 2,000,000 smokers either quit smoking or die of tobacco-related diseases.
